4-H

4-H Membership Guidelines

1. 4-H Youth Development Program membership policies state specifically that a young person must have attained their 9th birthday as of December 31st, 2022, to be enrolled in a 4-H large animal project. Youth will be eligible for membership in 4-H through December 31st of the year in which they turn 19 years of age. All 4-H exhibitors must be enrolled and on the County 4-H roster, to be eligible to enter and show large livestock and meat pen animals at the Contra Costa County Fair. 4-H entries will be verified by County 4-H official roster.

FFA

Guidelines for FFA Exhibitors

1. Preparation and presentation of the FFA entries during any Fair or Show shall be limited to Junior Exhibitors with entries in that Show or Fair.
2. FFA members are allowed to continue showing in Fairs during one calendar year after graduation from High School, but only if they have completed their senior year enrollment in Vocational Agriculture as an FFA member. (Calendar year means Jan. 1st through Dec. 31st).
3. A student pre-scheduled in High School Agriculture is allowed to show at any Summer Fair immediately prior to entering High School, provided the project and record book were started 60 days (120 days for market beef) before the Fair, and he/she is affiliated with the Local, State and National FFA Organization and the project is being supervised by the Agriculture Instructor.
4. A FFA member must be enrolled in an agricultural class and be supervised by an Agricultural Instructor. The member must meet all requirements of their Chapter as certified by their Agricultural Advisor. **The entry office will send a complete list of all FFA exhibitors entered to the regional FFA office for verification of members.**

GRANGE

Guidelines for Grange Members

1. Grange members must meet all Junior Fair Grange criteria to be eligible to show.
2. Grange members must have attained their 9th birthday by January 1st, 2023 and shall not be older than 19 years of age as of January 1, 2023.
3. A list of all Grange exhibitors entered will be verified with the State Grange.

INDEPENDENT

Guidelines for Independent Exhibitors

1. Juniors who have been FFA or 4-H members in that particular animal project within (120 – 60) days prior to the Fair are not eligible to compete in that project as an Independent Junior (120 days for market beef, 60 days for market sheep, swine & goat).
2. **All Junior Exhibitors wishing to show as an Independent for 2023 in any division that is eligible to sell through the Junior Livestock Auction, and/or participate in the Fairs Horse Show must submit an Independent Exhibitor Applications to the Fair Administration Office by January 31, 2023. All applicants will receive notification of approval from Fair Management.**
3. **Age Requirement:** According to State Rules, exhibitors must be at least 9 years old by January 1st of the year they are showing large livestock and must not be older than 18 years old prior to January 1, 2023.

4. **Ownership Requirements:** Independent exhibitors need to meet all ownership requirements as outlined in the "Code of Excellence" program.
5. **Insurance:** Since an independent exhibitor does not have liability coverage through a sponsoring organization, a legal guardian or parent must be able to provide proof of liability coverage naming the Fair as additionally insured and sign a waiver. Insurance is available this year through the fair. Cost is \$50.00 per exhibitor or family no matter how many entries you have in each class. Please see Administration Office if you wish to participate in this program. (23rd DAA reserves the right to change the cost of said insurance as warranted by the cost of said insurance).
6. **Supervision:** As stated in the State Rules, Independent Exhibitors must provide adult supervision (over 25 years old) on grounds at all times. The supervising adult must be available on a 15-minute call during Fairtime activities.
7. **Uniform:** Independent Exhibitors must wear a uniform of white pants, a collared white shirt, and a Black tie.
8. **Showmanship and Market Classes:** Independent Juniors who are 9-13 years of age will show in the 4-H Divisions. Independent Juniors who are 14-19 years of age will show in the FFA Divisions. **Age is determined as of January 1, 2023.**
9. **Clean Stall and Educational Displays:** Stalls will be checked daily for cleanliness. Each Independent Exhibitor may provide an educational display to be hung in the stall.

Market Animal Ownership Requirements

1. It is the policy of the Contra Costa County Fair (State Rules for all Fairs) that any livestock exhibitor must **own** the animal(s) he or she is exhibiting. All market beef must be owned by the exhibitor by January 16th, 2023. All market sheep, goat and swine must be owned by the exhibitor by March 16th, 2023. All market animals designated for entry in the 2023 Contra Costa County Fair must carry the Association's official ear tag (Both front & back) prior to ownership deadlines.
2. All market rabbits must have been owned by exhibitor no less than 30 days before fair, Rabbits must have a permanent tattoo in the left ear. Proof of ownership must be presented at check-in upon arrival at the Fair.
3. Each exhibitor may only **enter and show** two (2) market animals of each species but may only sell one (1) animal of each species in the Junior Livestock Auction. The exhibitor must declare which one of their two (2) animals they will be selling immediately following market show for that species.

Breeding Animals Ownership Requirements

1. It is the policy of the Contra Costa County Fair and State Rules that any livestock exhibitor must own the animal(s) he or she is exhibiting. The following are the ownership requirements for **all breeding Sheep, Swine, Beef, Goats, Rabbits, and Poultry, designated** for entry in the 2023 Contra Costa County Fair. (Both Large and Small Livestock) the exhibitor must provide a copy of the animal's registration papers, Bill of Sale, or birthing records (if the exhibitor raised the animal him/herself). This proof of ownership documentation should include description of any **permanent identification** (Tattoo, Ear Tag, Brand, Ear Notching) on the animal and must be **submitted on Show Day to Livestock Office**. Livestock exhibit staff will check the ownership date on the original registration papers.
If using a Bill of Sale as proof of ownership, the Bill of Sale must contain:

<u>Seller's name</u> , address and phone number	<u>Buyer's name</u> , address, and phone number
<u>Exhibitor's club/chapter</u> affiliation	<u>Date of purchase</u>
<u>Description of animal</u> (color, sex, breed, date of birth, permanent identification #, brand or picture of ear notching)	

 And it must **express transfer of ownership**. For example:
 I _____ sold the animal described on this form to _____
 (Seller's Name)
 (Buyer's Name)
2. All proof of ownership information submitted will be reviewed by the Association to ensure the submitted proof of ownership information (including the animal's permanent identification) matches the animal that was entered and brought to the Fair.
3. **NOTE – No livestock (excluding rabbit and poultry exhibit) owned solely by a chapter or club, or conducted as a joint project by two or more individuals, is eligible in the junior department, unless the division or class specifically so states.**
4. All animals in "registered purebred breeding animal" divisions must be registered and recorded with a United States breed association in the exact name of the owner as declared on the entry form except for:
 - a. Pigs, under 12 months or younger, which are still owned by the breeder. Litter registrations are acceptable if recorded with their breed association and if they identify the litter by birth date, sire, dam, and ear notching.

-or-

- b. Animals whose breed association requires an inspector's approval before registering. The animal cannot be more than 12 months of age on opening day of the fair. Exhibitors may present a statement by the secretary of the association stating that then animal is eligible to be registered. This statement must identify the animal by birth date, sire, dam, and ear tag, tattoo, or notching.

Policies for Exhibitor Conduct

1. **Direct criticism or interference with the judge, show management, other exhibitors, breed representatives, auctioneer, or show officials before, during, or after the competitive event is PROHIBITED.**
2. Exhibitor shall use respectful language. No foul or abusive language or gestures will be tolerated.
3. **All junior livestock exhibitors must groom and wash their own animal while they are on the fairgrounds. Any assistance must come ONLY from another junior livestock exhibitor who is exhibiting an animal at the 2023 Contra Costa County Fair wearing a designated exhibitor wristband.**
4. Possession of any weapons or illegal drugs on the fairgrounds, or in the Livestock Camping area, is prohibited.
5. Possession of alcohol or drinking alcohol, and/or being under the influence of alcohol by any underage exhibitor minor on the fairgrounds, or the Livestock Camping area is prohibited.
6. Use of fireworks or sparklers is prohibited on the fairgrounds or in the Livestock Camping area.
7. Any exhibitor whose conduct jeopardizes the health or safety of another exhibitor, animal, or the public, will be immediately expelled from further participation in the Contra Costa County Fair for the 2023 Fair, and possibly future fairs. The exhibitor is to be removed from the grounds and camping area immediately and loses the opportunity to show and sell his or her animal(s) through the Junior Livestock sale. Health or Safety issues include, but are not limited to, the actions involving weapons, alcohol, illegal drugs, or fireworks, as mentioned in items #4-#6 above, and not caring for, i.e., feeding and watering, the exhibitor's animal project. All animals exhibited by the violator must be removed from the fairgrounds by 3 pm the following day of the violation.

Policies for Animal Treatment

1. Any effort to artificially change the conformation or appearance of an animal by treating the animal, internally or externally, with any irritant, counter-irritant, or other substance is considered unethical, inhumane, and is prohibited. Treatments that are prohibited include, but are not limited to, excessive use of common products such as fly spray, ointment or liniment or other similar products. Excessive use is defined as the use of a substance to the point that it irritates the animal.
2. Adding false hair or hair-like material, fleece, or skin to any portion of the animal's body is illegal and will result in immediate disqualification. Causing the animal to ingest any liquid or substance not considered part of an accepted and normal livestock diet, or in quantities not considered normal for livestock, is deemed illegal and inhumane. For example: the use of alcoholic or carbonated beverages as a drench or filler.
NOTE: The use of drench guns in any form is illegal and will result in immediate disqualification.
3. The use of tranquilizers, sedatives, or depressants, which alters the physical or physiological state of the animal, is illegal. Exceptions to this rule would be a Licensed Certified Veterinarian's treatment for a recognized disease or injury, or recommendation for tranquilizing breeding animals in heat that might compromise the safety of others. The livestock office must receive notification from the Licensed Certified Veterinarian of the details of any such prescribed treatment. The substances used in this treatment must have been approved by The Food and Drug Administration for use in meat producing animals.
4. It is the responsibility of the exhibitor to feed, water, and care for any animal they have entered in the fair throughout the entire fair, including any period following the sale of the animal prior to the end of the fair. All market animals including small stock must be given a final feeding and watering at approximately 4 p.m. on Sunday, May 21st, 2023, to ensure that the animal arrives in a healthy condition at the processing plant.
5. Any animal that appears ill or injured while at the fairgrounds must be reported to the livestock office immediately. A veterinarian must check any animals considered unhealthy. If it is determined that the animal is carrying a communicable disease, the animal will be removed from the fairgrounds at the owner's expense. The fairgrounds will not assume the cost for this action. The exhibitor must assume the full expense of the veterinarian's services.
6. Any animal that is unmanageable or that could be a safety hazard to the public will be removed from the fairgrounds. The Livestock Superintendent/Fair Management makes this decision final.
7. It is considered abuse to excessively shrink or exercise an animal.
8. Ice may not be directly used on an animal. Only ice in a bucket of water is permitted. No cooling devices, electrical stimulation tools or shockers may be used.
9. Physical abuse of an animal will not be tolerated. For example: when moving hogs, care should be taken not to excessively beat or hit an animal (either by a person or with an object).
10. For the safety of the animal and the public, animals are not to be left unattended on fitting tables or in blocking chutes.
11. All lambs must be shown with their front feet on the ground as practiced by acceptable showmanship procedures. If this policy is not followed, the judge may ask the exhibitor to leave the ring or may place the exhibitor at the bottom of the class.
12. During animal arrival, a certified veterinarian will check animals for any infectious disease. Those animals determined to have an infectious disease will be asked to immediately leave the fairgrounds. For example: animals found to have live Ringworm or Sore Mouth will be asked to leave the fairgrounds. It is strongly suggested that the health of each animal be evaluated prior to coming to the Fair. The Fair Association is not responsible for any costs associated with the transfer or care of these animals.
13. Any abuse of an animal by the exhibitor upon leaving the scale after weigh in is cause for the exhibitor and animal to be removed from the fairgrounds and not be allowed to compete at the 2023 Fair.

Participant's Eligibility

1. Entry in MAREKET CLASSES is limited to members of Chapters or Clubs, located in Contra Costa County ONLY. Breeding animals are limited to members of Chapters or Clubs in Contra Costa County, Alameda County, Solano County, San Joaquin County and Sacramento County.
2. FFA Eligibility -see designated page- (State Rules Apply).
3. 4-H Eligibility -see designated page- (County and State Rules Apply).
4. Independent Juniors Eligibility- must have registered with Contra Costa County Fair as of January 31, 2023. (State Rules Apply)
5. Grange Eligibility – (Fair Grange and State Rules Apply)

Consequences for Violation of Exhibit Policies

1. If any violation of policy occurs prior to the junior livestock sale, the exhibitor will not be allowed to sell his/her animal.
2. If the violation occurs after the auction, the exhibitor will receive only the market resale value (as determined the day of the auction) for the animal. Any remaining money paid by the buyer in purchasing the animal through the auction, will be placed into a general auction account and use for improvements in the livestock area. The buyer will receive the animal.
3. **If it is determined that an exhibitor has violated the Fair's Code of Excellence or other exhibit policies, the exhibitor will be removed from the grounds and may not exhibit livestock at the following year's fair.**
For example: An exhibitor who violates a rule and is removed from the grounds in 2023 will not be allowed to exhibit livestock at the 2024 Fair. The exhibitor may then request in writing to exhibit livestock at the 2025 fair. This request will be reviewed by the Board of Directors prior to an official entry being accepted.
4. The Contra Costa County Fair Board supports the Fair's direction to focus more on the exhibitors excelling in leadership, education, and citizenship with their livestock project.
5. The Contra Costa County Fair Board has decided that minor violations of exhibitor conduct, not involving health or safety concerns, may be given one verbal warning. This verbal warning will be documented and noted by a signature from the Livestock Superintendent and the exhibitor. On the second violation, the exhibitor will be asked to leave the fairgrounds and any awards and/or auction check will be withheld.

8. **Due to early press deadline, all information contained in the exhibit book is subject to change or amendment by the Fair Management, staff, and Board of Directors. Revisions will be brought forth as soon as changes are made.**

Protest

1. **Protest will be considered only if this has been a violation of State or Local Rules. Decisions of judges, veterinarians, weigh masters and timers cannot be protested and are final.**
2. **Protest must be filed within 4 hours of the awareness of the rule violation. The cause of the protest must be filed with the Chief Executive Officer of Contra Costa County Fair. The Chief Executive Officer will present the protest to the Livestock Committee as soon as practical.**
3. **Protest must be accompanied by a deposit of \$500.00 (cash, money order or certified check made payable to the fair).**
NOTE: The deposit will be returned if the protest is upheld. If the protest is upheld, the violator may be held liable for any portion of the direct costs incurred by the fair in the course of the protest resolution. Failure to reimburse the fair maybe cause for disallowing future entries or participation in of the network of California Fairs.
